

## Size Guide For Our Autumn

Choosing the appropriately sized cycling apparel is vital as it guarantees top performance of our garments: comfort, breathability, insulation and ease of body movement at the same time.

This Autumn jersey is bigger than the racefit jerseys as its designed to fit over lots of layers. If you have any of our short sleeved jerseys and would like the Autumn jersey to sit nicely over it, we would suggest sizing down from your race jersey size if you want a snug fitr, and stay the same if you want to wear it bigger
