Do you have any advice on what to bring?

We will collate a 'Handy Pack' with tips, tricks and advice which will either emailed to you or be placed on our website on the Festival page. This will enable you to get the best out of the weekend.

What level of fitness do I need for the activities on offer?

There will be different paced groups taken out by different qualified run and cycle leaders. This will enable everyone to choose a group that is applicable to their fitness levels.

There will even be a trail walk for those who don't wish to run and a beginners mountain bike skills group for those who are new to mountain biking.

Closer to the time, in our 'Handy pack', will provide the run and bike routes gpx files if you would like to look at them in advance.

Will there be road biking and swimming?

Due to the hazardous nature of taking large unknown groups on the roads, we will not be carrying out road rides as such but our mountain biking will have some road sections to link up the woods. For anyone wishing to bring their road bike, we have some fabulous riding in the area and we will gladly provide a gpx route if you wish to take yourself off for a morning or afternoon.

We do not have a body of water to access in the immediate local vicinity and therefore we will not be providing swimming or dipping. However, should you wish to leave site to swim/dip, we are able to provide the locations of good areas using what three words. We will place these in our 'handy pack' which will be emailed to you and placed on the website about a month before the event.

What isn't included in my ticket?

Food:

We will have a variety of food vendors on an evening which you can purchase your evening meal from. There is an option to have a breakfast box delivered to your tent on both mornings which you will need to prebook. The options for either day are within the shop.

You may choose to bring your own snacks and lunch items, or there is a lovely farm shop/deli within walking distance and several supermarkets within driving distance.

Additional services:

There may be additional services added to the weekend eg. Sports massage/taping, which would be payable to the service provider on the day.

Electric hook up

There aren't any available pitches with electric hook - The very limited amount of electric points available will be used by Pretty Gritty to provide electricity to the bands/DJ / PA system and fridges for the bar etc.

How do I buy festival merchandise?

You can pre-order a festival hoodie and/or a festival t-shirt. Both are available in 2 colours. Please note, these items are only available to pre order and you will not be able to buy one on the festival weekend.

Can I bring a camping stove or BBQ equipment?

Yes, we are not going to spoil you fun here. However we do need you to adhere to the site rules regarding this.

BBQs/campfires and camping stove must be off the floor in some way. This may mean bringing along a large concrete tile so that the heat of the base does not come into contact with the floor or one of the camp fire resistant mats so that a contained fire can sit above it.
